

NEOLITHIX

A NEW ERA OF PORTABLE POWER

AC 230V 65W

USB PD 45W

23,333 mAh, 84Wh

Air-travel safe

NX1000

TECHNICAL SPECIFICATIONS

Capacity 23,333mAh, 84Wh max

Dimensions 180*30*130mm

Weight 0.8kg

USB-C Bidirectional Input/Output

USB-A Outputs

Port 1: QC3.0 18W max

Port 2: 5V/2.4A

DC Input (charging) 5-20V/3A

DC Output 12-16.8V/5A

AC Output 230VAC/50Hz 65W max

Certifications CE, SAA, FCC, RCM

Primary protection Over-current, over-voltage, over-temperature

Secondary protection Over-charging, over-discharging, short-circuit protection

Warranty 2 years

Mini Fridge (50W)

~1.5 hours run time

Mobile phone (3500mAh)

~ 7 charges

Laptop (55Wh)

~1.5 charges

Quadcopter drone (44Wh)

~ 2 charges

BIG POWER + CAPACITY

- ~200Wh of battery capacity gives countless charges of mobile phones, tablets, computers, cameras, drones + more
- Impressive 120W AC power output means you can even run bigger appliances like fridges, fans, TVs & large laptops!

LIGHTWEIGHT + PORTABLE

- Highest quality lithium-ion technology and streamlined design offers unrivalled energy density, weighing a fraction of comparable lead-acid technology

SOLAR-READY

- Compatible with a range of portable solar panels
- Ability to charge via solar while using AC output keeps your battery topped up even when using heavy loads
