

NEOLITHIX

A NEW ERA OF PORTABLE POWER

AC 230V 120W

USB PD 60W

3.2" LCD Display

52,500 mAh, 189Wh

NX200

TECHNICAL SPECIFICATIONS

Capacity 52500mAh, 189Wh max

Dimensions 242*145*145mm

Weight 2.46kg

USB-C Bidirectional Input/Output
Input: 60W max Output: 60W max

USB-A Outputs

Port 1: QC3.0 18W max

Ports 2/3: 5V/3.1A

DC Input (charging) 5-20V/3A

DC Output 10-12.6V/6A

AC Output 230VAC/50Hz 120W max

Certifications CE, SAA, FCC, RCM

Primary protection Over-current, over-voltage, over-temperature

Secondary protection Over-charging, over-discharging, short-circuit protection

LCD Display 3.2 inches (81.3mm)

Warranty 2 years

Mini Fridge (50W)
~4hours run time

Mobile phone (3500mAh)
~ 16 charges

Laptop (55Wh)
3+ charges

Quadcopter drone (44Wh)
4+ charges

BIG POWER + CAPACITY

- ~200Wh of battery capacity gives countless charges of mobile phones, tablets, computers, cameras, drones + more
- Impressive 120W AC power output means you can even run bigger appliances like fridges, fans, TVs & large laptops!

LIGHTWEIGHT + PORTABLE

- Highest quality lithium-ion technology and streamlined design offers unrivalled energy density, weighing a fraction of comparable lead-acid technology

SOLAR-READY

- Compatible with a range of portable solar panels
- Ability to charge via solar while using AC output keeps your battery topped up even when using heavy loads
