

NEOLITHIX

A NEW ERA OF PORTABLE POWER

AC 230V 300W

USB PD 60W

Large LCD Display

112,500mAh, 405Wh

NX400

TECHNICAL SPECIFICATIONS

Capacity 112,500mAh, 405Wh max

Dimensions 280*160*205mm

Weight 5.11kg

USB-C Bidirectional Input/Output
Input: 60W max Output: 60W max

USB-A Outputs

Port 1: QC3.0 18W max

Ports 2/3: 5V/3.1A

DC Input (charging) 14-30V/3A

DC Output 1 10-12.6V/6A

DC Output 2 10-12.6V/10A (Cigarette lighter port)

AC Output 230VAC/50Hz 300W max

Certifications UL, PSE, RCM, CE, SAA

Primary protection Over-current, over-voltage, over-temperature

Secondary protection Over-charging, over-discharging, short-circuit protection

LCD Display 3.2 inches (81.3mm)

Warranty 2 years

Mini Fridge (50W)
8+ hours run time

Mobile phone (3500mAh)
32+ charges

Laptop (55Wh)
7+ charges

Quadcopter drone (44Wh)
9+ charges

BIG POWER + CAPACITY

- 400+ Wh of battery capacity gives countless charges of mobile phones, tablets, computers, cameras, drones + more
- Impressive 300W AC power output means you can even run bigger appliances like fridges, fans, TVs & power tools!

LIGHTWEIGHT + PORTABLE

- Highest quality lithium-ion technology and streamlined design offers unrivalled energy density, weighing a fraction of comparable lead-acid technology

SOLAR-READY

- Compatible with a range of portable solar panels
- Ability to charge via solar while using AC output keeps your battery topped up even when using heavy loads
